

WHAT IS A CHARTER SCHOOL?

Open to all

*Charter schools are free,
public schools of choice.
They are open to all
students and require no
entrance exams to enroll.*

Accountability

*As a charter school,
New Vision Charter
School is held to the
same public school
academic accountability
standards.*

Our Mission

*New Vision Charter School
exists to educate its students
in a safe, positive supportive
environment that foster
independence and a love of
learning, while emphasizing
moral excellence and social
development. NVCS is
committed to high academic
achievement, mutual respect,
and appreciation of diversity,
and a sense of responsibility
for the natural environment.*

on the basis of race, color, and national and ethnic
origin.

NEW VISION CHARTER SCHOOL

Loveland's First Choice in Public Education

NEW VISION CHARTER SCHOOL OPENING FALL 2005

Now there is a choice in public education in Loveland.

What makes us different?

Curriculum *We will use the Core Knowledge Sequence® to produce high academic achievement for ALL its students.*

Character Education *New Vision Charter School believes that a safe school is more than merely an absence of danger. Every student will receive age-appropriate, non-religious character education.*

Class Size *We believe small class sizes are a critical component to enhancing the educational experience.*

Foreign Language *We recognize the importance of fluency in a second language in today's society. Because of this, all grades will receive daily instruction in the Spanish language.*

Community Service *We support the development of a sense of responsibility to community in children. Therefore, we are committed to student involvement in two community service projects per school year.*

What is the Core Knowledge Sequence®?

Based on *some of the ideas presented by E.D. Hirsch, Jr, the Core Knowledge Sequence® builds on each subject year-by-year in a sequenced way.*

The Core Knowledge Sequence® *covers language arts, history and geography, mathematics, science, visual arts, and music and will be complemented by other subjects such as Spanish, Technology, Physical Education and Character Education.*

This exposure *to a wide array of subject matter is intended not only to develop cultural literacy but also to build a strong vocabulary. Core Knowledge tries to develop cultural literacy in a way that leaves lots of room for creativity. This curriculum eliminates some of the gaps and repetitions that frequently characterize a curriculum in which textbooks and programs are selected more or less at random.*

Have a say in your child's education.

Parent Involvement *is critical to student success. At New Vision Charter School we give parents opportunities to be involved in EVERY aspect of their child's education.*

Board of Directors *Critical decisions for the New Vision Charter School will be made by its Board of Directors. This Board will be made up of seven parent volunteers, a teacher, and community member. Board members are elected by parents of students attending the school.*

Committees *will give parents another avenue of involvement in their child's education. Committees will be established to take on issues such as accountability, hiring, curriculum, and finance.*
